

Boston Jan. 3^a

Dear Lucia,

They had a fine time at the Lynn Fair. Henry went down, & took Mary & little Henry, & Caroline & Mrs Jones accompanied. I did not go as the cold weather frightened me. Anne took Lynn on her way back. A very brisk sale, & a good haul apparently, but we have not learned the particulars. Had a letter from Lureta Scott, Staten - that they had made 800 at their fair in Philadelphia. She sent me one of their books, called the North Star.

Could you spare me quant. Suff. of the Weymouth apples of any sort? The sooner the better, of course. I suffer for them. Brachum has got on from N. Bedford where had a large audience & a tree to great acceptance. No news that I can learn.

Yours for all, at some
M. W. Chapman
